Dear ICIN member organizations,

The ICIN acting Executive Committee (EC) held their second EC Meeting the 24th of November 2021. The intention was initially to hold it physically in Stockholm but due to the current pandemic situation it was not possible so it was performed online instead. The ICIN acting EC consists of Chairperson Mrs. Ebba Sverne Arvill (SWE), Mr. Žydrūnas Butkevičius (LT) and Mr. Willem Jan de Koning (NL).

The primary focus for the meeting was to discuss and identify the most prioritized topics for the further development of ICIN to become an effective network. The EC decided to focus on the ICIN Annual General Meeting (AGM), continue with activities related to communication, both to the ICIN member organizations and also to external partners and finally matters concerning possibilities for financial support to ICIN. The EC also decided to further elaborate the possibilities to use the SIENA communication tool for the needs of ICIN. We are currently working with a common ICIN logotype.

The EC will continue with regular EC Meetings every other month and the next one is scheduled to February 2022. The AGM is planned to be held in May 2022 so please save space in your calendars for that.

We really hope that we can meet in person in a near future but we have to relate to the pandemic situation and the restrictions that apply to that.

As mentioned in the previous newsletter ICIN was nominated by the Swedish Police Authority to the competition Europol Excellence Award in Innovation 2021. ICIN did unfortunately not receive a prize this year.

ICIN acting Executive Committee

Please contact the ICIN Secretariat if you have any questions or contributions to the EC.
